 PORTFOLIO

EDUCATION

Ajay Kumar Garg Engineering College, Ghaziabad

Master of Computer Application (**Percentage**– 74.30%)

2022 – 2024

Ghaziabad, Uttar Pradesh

K. D. College, Simbhaoli

Bachelor of Science (**Percentage**: 66.50%)

2019-2022

Simbhaoli, Uttar Pradesh

EXPERIENCE

Deetya Soft Pvt. Ltd. | App Development Intern

Aug 2024 – Oct 2024

- Designed and developed responsive user interfaces using React, ensuring seamless user experiences across devices.
- Collaborated on integrating frontend components with Node.js backend, optimizing app functionality and performance.
- Implemented reusable components and optimized code for scalability, improving development efficiency and maintainability.

SKILLS

- Languages:** C, Java, Python (familiar)
- Web Development:** HTML, CSS, JavaScript, React.js, Node.js, Bootstrap, Tailwind, RESTful API
- Databases:** MySQL, SQL
- Core Subjects:** OOPS, Software Engineering, Computer Networks, DSA
- Interpersonal Skills:** Communication, Adaptability, Versatility, Team Management

PROJECTS

Edusity- College website – Full Stack Development | Project Link

Tech Stack: HTML, CSS, JavaScript, React.js, Node.js

- Developed a dynamic college website using React for the frontend and Node.js for the backend, ensuring a seamless user experience.
- Integrated Web3Forms API to enable seamless and secure contact form submissions
- Implemented structured coding practices with ESLint to maintain clean, error-free, and efficient code.

Spotify-Clone – Front-End Development | Project Link

Tech Stack: HTML, CSS, Tailwind, JavaScript, React.js

- Developed a fully responsive Spotify clone with 100% mobile compatibility using Vite, React, and Tailwind CSS, replicating key features and UI components.
- Implemented custom components to mimic music streaming functionality with dynamic data rendering for playlists and tracks.
- Deployed the application on vercel, optimizing for performance and handling 100+ concurrent users seamlessly.

Amazon-Clone – Front-End Development | Project Link

Tech Stack: HTML, CSS, JavaScript, React.js, Firebase

- Engineered an Amazon replica with key functionalities to showcase front-end development expertise.
- This web app enables users to seamlessly browse through hundreds of products available.
- Designed an intuitive, visually appealing interface using React.js for seamless user interaction and navigation.

CERTIFICATIONS

- Web Development using React.js
- SAP Analytics Cloud (in-progress)
